

Overview

This standard is about the application of a variety of self-tanning products.

To carry out this standard you will need to maintain effective health, safety and hygiene throughout your work. You will also need to maintain your personal appearance and demonstrate effective communication and consultation skills.

The main outcomes of this standard are:

*

*

1.
maintain safe and effective methods of working when providing self-tanning services
2.
consult, plan and prepare for self-tanning services
3.
apply self-tanning products

Performance criteria

You must be able to:

****Maintain safe and effective methods of working when providing self-tanning services**

1. maintain your responsibilities for health and safety throughout the service
2. prepare your client and yourself to meet legal and organisational requirements
3. position your client to meet the needs of the service
4. maintain the client's modesty and privacy at all times
5. ensure your own posture and working methods minimise fatigue and the risk of injury to yourself and others
6. ensure environmental conditions are suitable for the client and the service
7. keep your work area clean and tidy throughout service
 1. use working methods that minimise the risk of cross-infection
 2. ensure the use of clean equipment and materials
 3. promote environmental and sustainable working practices
 4. follow workplace and suppliers' or manufacturers' instructions for the safe use of equipment, materials and products
 5. dispose of waste materials to meet legal requirements
 6. complete the service within a commercially viable time

Consult, plan and prepare for self-tanning services

*

*

Provide self-tanning services

1.
use **consultation techniques** to determine the client's service plan
2.
ensure that informed and signed parental or guardian consent is obtained for minors prior to any service
3.
ensure that parent or guardian is present throughout the treatment for minors under the age of 16
4.
recognise any contra-indications and take the **necessary action**
5.
agree the treatment and outcomes that meet the client's needs
6.
obtain signed, informed consent from the client prior to carrying out the treatment
7.
carry out a skin sensitivity test and record the results
8.
select **equipment** and **products** to meet the client's needs
9.
ensure that the client's skin is clean and prepared to suit the type of self-tanning product to be used

Apply self-tanning products

1.
test the pressure and operation of the spray gun prior to use
2.
use **equipment** and **products** to meet the client's requirements
3.
use spray tanning techniques in a controlled way and at the required distance from the body to achieve the desired effect
4.
apply **products** evenly in the required sequence to achieve the desired effect
5.
use techniques that minimise the risk of **products** being spread outside the treatment area and surrounding environment
6.
correct any problems occurring during the application process

7.
ensure that the finished result is to the client's satisfaction
8.
give your client **advice and recommendations** on the service provided
9.
ensure the client's records are completed and signed by you and the client

Knowledge and understanding

You need to know and understand:

Maintain safe and effective methods of working when providing self-tanning services

1. your responsibilities for **health and safety** as defined by any specific legislation covering your job role
2. the legal and organisational requirements for client preparation
 1. the type of personal protective equipment that should be worn by the therapist and the client for self-tanning services and why
4. the reasons for maintaining the client's modesty and privacy
5. safe positioning techniques for yourself and your client and why using these are important
6. the necessary environmental conditions for services such as heating and ventilation and why these are important
7. why it is important to keep your work area clean and tidy
 1. methods of cleaning, disinfection and sterilisation
 2. methods of working safely and hygienically and which minimise the risk of cross-infection
 3. the different types of working methods that promote **environmental and sustainable working practices**
 4. the hazards and risks which exist in your workplace and the safe working practices which you must follow
 5. suppliers' and manufacturers' instructions for the safe use of equipment, materials and products which you must follow
 6. the legal requirements for waste disposal

Provide self-tanning services

7.

the reasons for completing a service in a commercially viable time

*

*

Consult, plan and prepare for self-tanning services

*

*

1.

the importance of communicating with clients in a professional manner

2.

how to complete a consultation taking into account the client's **diverse needs**

3.

the legal requirements for providing treatment to minors under 16 years of age

4.

the age at which an individual is classed as a minor and how this differs nationally

5.

the importance of agreeing the service that meets the client's needs

6.

the legal significance of gaining signed, informed client consent to carry out the service

7.

the legislative requirements for storing and protecting client data

8.

how to recognise **contra-indications** that would prevent or restrict the treatment

9.

the contra-indications requiring medical referral and why

10.

the reasons for not naming specific contra-indications when referring clients

11.

the procedure for carrying out a skin sensitivity test prior to self-tanning

12.

the reasons for carrying out a skin sensitivity test prior to self-tanning and recording the results

13.

how to match product selection to skin type and client preference

14.

how to prepare the client's skin to suit the products and equipment being used

15.

the reasons for exfoliating and moisturising the skin prior to self-tanning

Apply self-tanning products

1.

the types of equipment available for spray tanning, their features and how and when to use them

2.

the meaning of psi and why this is adjusted to suit the size of area and coverage required

3.

the potential risks associated with the use of pressurised spray tanning equipment

4.

the importance of using equipment with a pressure gauge

5.

how to clean, maintain and reassemble spray tanning equipment and associated accessories

6.

the types of problems that can occur with spray tanning equipment and how to correct them

7.

the types of self-tanning products available and their advantages and disadvantages

8.

the ingredients of tanning products, exfoliators and moisturisers

9.

the effects of self-tanning products on the skin

10.

the **structure of the skin**

11.

the different types of skin pigmentation disorders and how they may affect the self-tan result

12.

the use and effects of tanning enhancers

13.
how and when to use tanning correctors
14.
the reasons for providing the client with pre and post treatment advice
15.
products for home use that will benefit the client and those to avoid and why
16.
the post-treatment restrictions applicable to self-tanning
17.
the **contra-actions** that can occur as a result of self-tanning and the advice to give to clients
18.
the advice and recommendations **on products and services to the client

Scope/range related to performance criteria

Consultation techniques

*

*

1.
questioning
2.
listening
3.
visual
4.
manual
5.
written

Necessary action

*

*

1.
encouraging the client to seek medical advice
2.
explaining why the treatment cannot be carried out
3.
modification of treatment

Equipment

*

*

1.
spray gun
2.
compressor
3.
buffing mitt

Products

1.
tanning creams
2.
tanning gels
3.
spray tan liquid
4.
barrier cream
5.
exfoliators
6.
moisturisers

Advice and recommendations

- *
- *

1.
suitable aftercare products and their uses
2.
avoidance of activities which may cause contra-actions
3.
time intervals between services
4.
present and future products and services

Scope/range related to knowledge and understanding

**Health and safety

**

1.
Health and Safety at Work Act
2.
The Reporting of Injuries, Diseases and Dangerous Occurrences Regulations (RIDDOR)
3.
The Health and Safety (First Aid) Regulations
4.
The Regulatory Reform (Fire Safety) Order

7.
The Electricity at Work Regulations
8.
The Environmental Protection Act
9.
The Management of Health and Safety at Work Regulations
10.
The Health and Safety (Information for Employees) Regulations

Environmental and sustainable working practices

1.
reducing waste and managing waste (recycle, reuse, safe disposal)
2.
reducing energy usage (energy efficient equipment, low energy lighting, utilising solar panels)
3.
reducing water usage and other resources
4.
preventing pollution

Provide self-tanning services

5.
using disposable items
6.
using recycled, eco-friendly furniture
7.
using low chemical paint
8.
using environmentally friendly product packaging
9.
choosing responsible domestic products (Fairtrade tea and coffee)
10.
encouraging carbon reducing journeys to work

Diverse needs

1.
cultural
2.
religious
3.
age
4.
disability
5.
gender

Contra-indications which prevent

1.
severe asthma for spray tanning
2.
contagious skin conditions
3.
bronchial conditions for spray tanning

Contra-indications which restrict

1.
insulin dependent diabetes
- 2.

Provide self-tanning services

pigmentation disorders

3.

sunburn

4.

psoriasis

5.

eczema

6.

cuts and abrasions

Structure of the skin

1.

layers of epidermis

2.

dermis

3.

subcutaneous layer

4.

hair follicle

5.

hair shaft

6.

sebaceous gland

7.

arrector pili gland

8.

sweat gland

9.

blood and lymph vessels

10.

sensory nerve endings

Contra-actions

*

*

1.

Provide self-tanning services

skin irritation

2.

swelling

3.

burning

4.

itching

5.

watery eyes

6.

coughing

7.

fainting

Values

The following key values underpin the delivery of services in the beauty, nails and spa sectors

1.
a willingness to learn
2.
a flexible working attitude
3.
a team worker
4.
a positive attitude
5.
personal and professional ethics

Behaviours

The following behaviours underpin the delivery of services in the beauty, nails and spa sectors. These behaviours ensure that clients receive a positive impression of both the organisation and the individual

1.
meeting the organisation's standards of behaviour
2.
greeting the client respectfully and in a friendly manner
3.
communicating with the client in a way that makes them feel valued and respected
4.
treating the client courteously and helpfully at all times
5.
adapting behaviour to respond effectively to different client behaviour
6.
checking with the client that you have fully understood their expectations
7.
responding promptly and positively to the client's questions and comments
8.
recognising information that the client might find complicated and checking whether they fully understood

9. meeting both organisational and industry standards of appearance.

Skills

The following key skills underpin the delivery of services in the beauty, nails and spa sectors

1. the ability to self-manage
2. excellent verbal and non-verbal communication
3. using the most appropriate ways of communicating with a client
4. responding promptly to a client seeking assistance
5. quickly locating information that will help the client
6. providing the client with information they need about services and products offered by the organisation

Glossary

Hyperpigmentation

Excessive colouration in comparison to the surrounding skin due to excess melanin such as age spots, freckles, stretch marks, sun tan, melasma and chloasma.

Hypopigmentation

Loss of colouration in comparison to the surrounding skin area such as leucoderma, stretch marks, scarring and vitiligo.

PSI

This is an abbreviation of pounds per square inch relating to the air pressure coming from the compressor through the spray gun onto the skin. This will be adjusted according to the coverage required and the size of the area.
