
Overview

This NOS is about carrying out a range of inspections on light vehicles using a variety of testing methods and equipment.

Performance criteria

You must be able to:

P1 use suitable personal and vehicle protective equipment throughout all vehicle inspection activities

P2 use suitable sources of technical information to support your vehicle inspection activities

P3 prepare the vehicle systems and work area for safe working procedures (where appropriate)

P4 confirm that **equipment** has been calibrated to meet manufacturers' and legal and statutory requirements where necessary

P5 conduct all **vehicle inspections** and **testing** following:

P5.1 the manufacturer's approved examination methods

P5.2 recognised methods

P5.3 your workplace procedures

P5.4 health, safety and environmental requirements

P6 ensure your inspection and **testing** of the vehicle against specification accurately identifies:

P6.1 differences from the vehicle specification

P6.2 vehicle appearance and condition faults

P6.3 non-compliance with legal and statutory requirements

P7 work in a way which minimises the risk of damage to the vehicle and its systems, other people and their property and your working environment

P8 make suitable recommendations for future action based upon the results of your **tests** and inspections

P9 explain the reasons for your recommendations to the relevant person(s)

P10 offer alternative options from your recommendations if the customer does not agree to your plan for future action

P11 ensure your report is accurate, complete and passed to the relevant person(s) within the agreed timescale and in the format required

P12 complete all inspection activities within the agreed timescale

P13 report any anticipated delays in completion to the relevant person(s) promptly
