

Overview

This standard is about conducting routine maintenance, adjustment and replacement activities as part of the periodic servicing of fork lift trucks.

Carry out routine lift truck maintenance

Performance criteria

You must be able to:

P1 use suitable personal protective equipment throughout all lift truck maintenance activities

P2 use suitable **sources of technical information** to support all your lift truck maintenance activities

P3 use the correct specifications and tolerances appropriate to the lift truck you are working on, when making **assessments** of system and component performance

P4 record details accurately and use this adapted specification as the basis for your examination and assessment where the lift truck being worked upon falls outside the manufacturer's original specification

P5 examine the lift truck's systems and components following:

P5.1 the manufacturer's approved **examination methods**

P5.2 your workplace procedures

P5.3 health and safety requirements

P6 ensure any problems that you notice whilst carrying out your servicing activity are promptly reported to the relevant person(s) in authority

P7 carry out adjustments, replacements and replenishment of consumable materials following the manufacturer's current specification and timescales for:

P7.1 the particular service interval

P7.2 working methods and procedures

P7.3 use of equipment

P7.4 tolerances relevant to the lift truck you are working on

P8 record work details accurately and where system adjustments cannot be made within the manufacturer's specification report these deviations to the relevant person(s)

P9 carry out a risk assessment to avoid risk of damage to the lift truck, its systems, the surrounding environment and yourself

P10 use suitable testing methods to evaluate the performance of all replaced and adjusted components and systems accurately, prior to returning the lift truck to the customer

P11 promptly report any problems or issues relating to the lift truck's condition or conformity to the relevant person(s)

P12 ensure your maintenance records are accurate, complete and promptly passed to the relevant person(s) in the format required

P13 complete all lift truck maintenance activities within the agreed timescale

P14 promptly report any anticipated delays in completion to the relevant persons(s) in authority
