

Overview

This standard covers the maintenance of structures, surfaces, boundaries or access points. This could include sheds, pens, platforms, greenhouses or other structures, paths, roads or yards, walls or fences, doors, gates, stiles or steps. In this standard, "maintenance" refers to general maintenance such as mending, cleaning, rubbing down and painting. All work will be carried out in accordance with instructions and specifications. When working with machinery or equipment you should be trained and hold current certification, where required. When carrying out your work you must consider the impact it will have on the environment. This standard is for those who maintain structures, surfaces, boundaries and access points.

Maintain structures, surfaces, boundaries or access points
